DEDICATION

To Mr. J. H. Super

OUR best friend and principal, whose guiding hand had led us through the four most important years of our life. His devotion to the highest ideals of both education and character points the way for us to strive for ever better and nobler lives, and greater knowledge.

DEDICATION

To Miss Katherine Toohey

WHO is leaving Coughlin High School after forty-four years of excellent service to youth and the school itself. Without a doubt Miss Toohey's spirit of goodness will be felt in many years to come and all of us, faculty and students, will feel the loss of her leaving.

MR. SUPER AT WORK

Principal's Message

COMMENCEMENT time is drawing near and again it is my duty to write a message of farewell to the graduating class.

Farewells are usually sad things, but as a class is graduated from a school both faculty and pupils share a feeling of pride in past accomplishments, and the prospect of the promised adventures of the future for which their education and more mature years have fitted them takes away much of the sorrow of parting.

Your teachers have tried to give you many things that are very important for you personally and which will fit you for citizenship in this country. We have striven to give you every possible opportunity to lay firm, deep foundations on which to build the large and useful structures of your lives. We trust that you have learned to value properly the American democracy in which we live, to appreciate the importance of religious tolerance and of the opportunities of character enrichment in a search for truth, goodness and beauty which it affords us, and to understand the sacredness of human personality which it exemplifies.

We wish you great success, Class of 1940, and hope that you will ever have pleasant memories of your high school days, your fellow students, and your teachers.

J. H. Super.

Alma Mater

Hail! to Coughlin, Alma Mater,
Stepping stone to fame,
For the student and the athlete
With his zeal aflame.

CHORUS

Winning in the field and forum,
Keep the goal in view;
Shout in chorus for our banner,
Wave the Red and Blue.

Pleasant memories cluster 'round it,
Of its prestige proud,
While the promise of the future,
Beams through every cloud.

When life's noontime joy has vanished,
Lost in reverie,
Like the glory of the sunset,
School-day dreams we see.

Winter's Magic Carpet

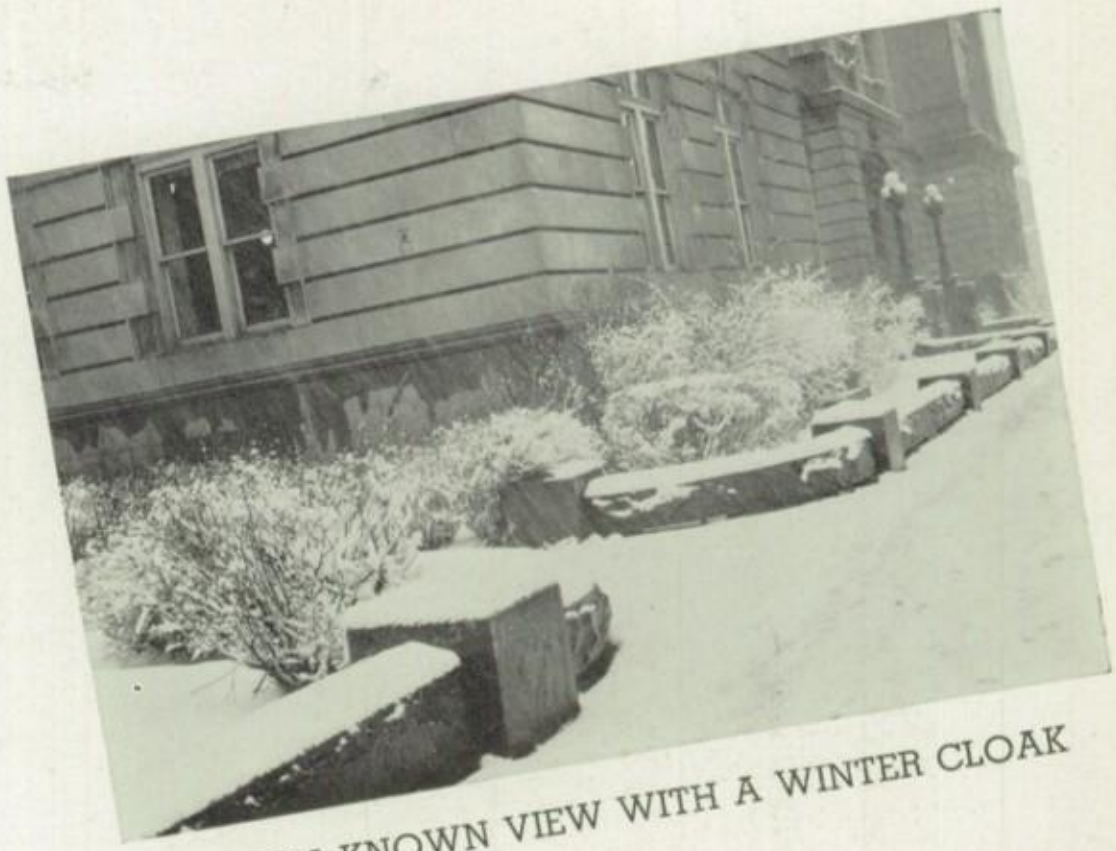
BETTE HILBURT, '40
JEWEL MALLOY, '41

The snowflakes merrily whirl through the town

Giving the lawns a cover of down.

The bushes are warm with their coats of snow;

The piles on the ground quietly grow.



A WELL-KNOWN VIEW WITH A WINTER CLOAK

THE BUSHES BLOOM WITH SNOW

There are merry shouts of boys and girls

When school is closed and the snow still whirls,

For they think of all the snowy pleasures

King Winter has among his treasures.

The storm keeps on with increased delight

And bedecks the earth in a cloak of white;

'Tis a Fairyland indeed that springs

From the magic wand King Winter brings.

Senior Class History

LAST September the Class of '40 started on the final lap of its high school career, determined to make this a year to be remembered forever. With this thought in mind their enthusiasm was boundless, and soon every activity at Coughlin picked up as a result of such spirit. As the time for senior elections drew near an atmosphere of suspense seemed to spread through the halls as each person wondered if his or her favorite candidate would pool the necessary majority. Finally on Friday, March 8, this suspense ended, for three of Coughlin's best-known and best-liked students had been elected: Joseph Jones, Ann Drugan, and John Reiser. Peter Zannoni was elected last year. Four wonderful years have passed, and it is with great regret that the Class of '40 leaves the halls of Coughlin.

National Honor Society

First row (left to right): Delaney, Davis, Graham, Hilburt, Challis, Heiser, Yatsko, Richardson, Jones, Hoffman, Gozick. Second row: Kinsey, Brazelle, Golden, Smailes, Savacool, Weller, Havas, Hayduchok, Yesuvida, Brown, Andrasko, Baloga. Third row: Maier, Kobziewicz, Greany, Garista, Korn, Pavensky, Druffner, Boler, Spoerl, Havanic, Testen, Sozzi, Syckman. Fourth row: Martincavage, Kollar, Matuszak, Dugan, Zapotocki, Dennis, O'Malley, Szymanski, County, Greenwald, Liparella, Bobeck. Fifth row: Lincavage, Kistler, Lorusso, Heck, Niedzwiecki, Collmann, Dougher, Zannoni, Evans, Tomkiewicz, Bachman, Baloga. Absent: Mary Mitchell.

THROUGHOUT the United States there are many high schools which yearly receive a small percentage of their upperclassmen as members of the National Honor Society, an organization corresponding to the Phi Beta Kappa of colleges and universities, which aims particularly at the recognition of outstanding work in scholarship. Members are chosen by Mr. Super with the aid of the faculty and are judged not only upon scholastic standing but also upon character, leadership and service to the school. The lucky members are announced at the close of the fifth interval and are officially recognized on graduation night when their names are again read by Mr. Super. Certificates are given to each member as written proof of his accomplishment and all are able to purchase the keystone-shaped pin bearing the words "National Honor Society" over a torch of knowledge. Anywhere in the United States, this pin is recognized and respected. Many Coughlin organizations claim the people of this society as officers and many of its members star in the various dramatic productions of the school. Several are on the Board of Publications, both as writers and "ad" gatherers while others more musically-inclined claim singing or playing as their chief interest. Every field of Coughlin's activities seems to meet when this group is gathered. What better inspiration could the younger students desire, than the example set by this year's Honor Society?

Success to a swell future, senior. Carol.

Class Song

Tune—"With The Wind And The Rain In Your Hair"

Enfolded by dreams of joyful school days,
That we will dearly treasure,
We must say farewell, but ne'er forget
Those days that glowed with pleasure.

Farewell to our friends, those friends whom we've lov'd,
We now must wend our way;
With deepest regret, we leave these walls
And forward go today.

CHORUS

Sadly we leave but, in thoughts, will retrieve
Ev'ry mem'ry of gladness and joy.
Each school day dream, like a candle, shall gleam
In the mind of each girl and each boy.

There it will be a happy memory
That vision of dear Red and Blue.
Now sets the sun when our school days are done,
But our hearts will forever be true.

—Lettie M. Richardson, '40.

Junior Class History

THREE years ago in the fall of the year 1937, a new class of freshmen entered the threshold of Coughlin High School. These students attended their first cheer practice and their first chapel exercises and beamed with excitement as they took part. They became members of different organizations and, in time, became leaders of these clubs. In their sophomore year, they saw the championship awards for football and track presented to the school, a memory which they can never forget. This year that class of once-inquisitive freshmen are about to complete their junior year. In their elections of May, they chose as their leaders the following: John Carlin, president; Betty Mensch, secretary; and John Highsmith, mantle orator. At the regular Class Day exercises on Wednesday, June 12, the Senior Mantle Orator will present the toga, significant of the responsibilities of the Senior Class to the Junior Mantle Orator, who will then deliver an address and accept in the name of the class of 1941, the duty of maintaining the high standards of Coughlin.

Junior Ushers

First row (left to right): Bombay, Laks, Mensch, Christman, Erdman, Dombeck, Faschesky, Davies, Offshack. Second row: Cudnowski, Chaplick, Dalton, Padden, Malloy, Mekelvta, Bobeck, Brody, Walker, Woolcock, Perdek, Check. Third row: Ross, Zastulko, Koval, Brislin, Knute, Foster, Linko, Sweinberg, Worsinowitz, Yaremko, Tanski. Fourth row: Mirola, Price, Zahorchak, Boyle, Hoffman, Lehet, Koval, Kleinman, Hannon, Patrizi. Fifth row: McGrath, Carlin, Carr, Vukotich, Ritter, Kornblau, Heffernan, Wapinski.

STUDENTS think of Junior Ushers as persons to whom they present their stubs for the purpose of being properly seated at plays, concerts, operettas, and other entertainments at Coughlin High School but, in reality, the members of this group represent more than that. They are the members of the Junior Class who have maintained high scholastic standings for two years and, in addition, possess the other requisites for membership: character, personality, and natural leadership. The Junior Ushers, as an organization, has, therefore, two purposes: one, to provide ushers to care for audiences; the other, to recognize merit.

The Lower Classes

FOR the freshman, Coughlin High School is a new adventure, the beginning of a new life. The first few weeks are a time of mix-ups and settlements, of changes and more changes. Slowly a routine is established and a feeling of belonging is gradually secured. The freshman year is a basic year for most students and the habits formed then generally pervade the minds of the scholars throughout the rest of their stay at Coughlin. The addition of one seventh and one eighth grade this year does not change the freshman attitude, but rather has a tendency to strengthen it. The sophomores, on the other hand, start their year with a feeling of renewing a familiar occupation. The standing which they enjoy seems much greater than that of the previous year; their responsibilities increase, and they acquire a greater sense of loyalty. This year usually begins a period of branching out into the activities of the school and of making more and more interesting social contacts. The sophomore is well-established with a year of high school behind him and more glorious years ahead.

EVERYONE has had, at some time in his life, an urge to travel, but few are fortunate enough to be able to indulge in this pleasurable pastime. The students of Coughlin High have, however, ample opportunity of learning customs and modes of living of the various peoples in other parts of the world through the medium of the Geography Club. This club, besides bringing the instructive and educational aspects of geography to the fore, also shows the interesting points of life in distant lands and in different parts of the United States in a vivid manner. This is done by moving pictures, post-card tours, and best of all by lectures given by various members of the faculty who have obtained their information at first hand. This year talks were given by Mr. Zerbe, Miss Ritchie, Miss Gillespie, and William Gorski. One of the most interesting programs of the year was "Guess Where Contest." A loud speaker was erected in the meeting room with the microphone in the Physics laboratory, where William Gorski, acting as announcer, questioned twelve members of the club and later on an additional five. The questions were clues from which the contestant was to gather enough information to locate certain spots on the globe. The program was pronounced a great success by the critics; and there is reason to believe that they will also give favorable reports on this year's outing. It will be held, as usual, at Hendler's Quarry, and this year Mr. Hensley, indulging in his favorite hobby will take motion pictures of the interesting events of the day. These will be shone to the group before the close of school.

JUDGING from the increasing membership of the Science Club, there surely must be a strong drawing card among the many enterprises of this group. Celebrating its sixteenth year of establishment, its original aims of encouraging science out of the classroom still furnish a beam to guide inquiring boys to possible solutions. Through motion pictures, lectures, and quizzes tomorrow's Edisons are able to broaden their scope of scientific applications and principles. Their semimonthly meetings are generally adapted after programs which appear in "The Science Leaflet," a publication of the National Students Science Club to which this club belongs. The main purpose of founding any such organization necessitates first, the most active interest of a strong nucleus of boys, willing to further easier methods of obtaining answers to the whys which confront them; secondly, the effective continued interest of such a group. These of course, are present most auspiciously in Coughlin's society; for each of its meetings exhibit a balanced, amusing program participated in by a majority. Messrs. F. H. Super and P. B. Lewis are advisers.

Stamp Club Gets Honors

William Wilson, Theodore Shemanski

"LET'S SWAP AN OLD ONE"

YEAR by year, the popularity of the Stamp Club increases. Interesting club projects and meetings keep everyone alert and enthusiastic. As a result, club members have won honors in various contests. In the Junior Division of an exhibition held by the Wyoming Valley Philatelic Society on February 17, Theodore Shemanski received a cup for top ranking honors; William Wilson, a cup for third place; and Roy Ritter, Joseph Gabor, Justine Gozick, and Marie Chick, honorable mention. A new project of the club is a bulletin board, which offers each month interesting displays pertaining to events or persons connected with that month. Mr. Arthur Booth is adviser.

ABOUT a month before the time for the Journal, frequent appeals are made from the platform in Chapel, requesting that all Journal notes be turned in. In order that these records of everyday occurences in classes and the activities of the clubs are in the best presentable arrangement, the Journal Reporters' Association, primarily devised to enable its members to gather collectively to confront a mutual problem, has been organized. At its meetings helpful suggestions and hints are made as well as possible lectures on some phase of journalism. The incentive of the reporters toward more complete information is its publication in the Journal. The members of the Journal Reporters' Association are therefore induced to do better composition work along such lines as neatness, sentence wording, and variety of thought. The success of the Association lies in the fact that its members are elected by students who naturally choose their most capable representative.

EVERY morning in chapel, and every year at the Senior Play and at the Minstrels, the Varsity Orchestra provides musical entertainment and accompaniment. This select group of the finest instrumental talent in Coughlin plays a prominent and necessary part in high school life. Now in its twenty-eighth year of organization, the Varsity Orchestra has been the crack filler in Coughlin's log-cabin of entertainment ever since its beginning. Those producing the Opera, Varieties, and Amateur Show all express their appreciation of Mr. P. B. Lewis's orchestra, which he has been directing for the past seven years. The group includes both classical and swing numbers in its repertoire. The classical orchestra was organized when Mr. Davies was heading music in Coughlin, and incidentally, though Mr. Davies has graduated from active musical service in school, he often returns to give advice. It has been only in the last two years, however, that a modern swing orchestra was formed. This added feature of the main orchestra has exhibited its talents in both the Minstrels and in the Amateur Show and has found a place in the favor of the students. The rollcall of musicians in the orchestra is everchanging for each year, as the senior members graduate, new underclassmen have to be chosen. A try-out is held at the end of each school year, and those showing most ability and talent are selected to fill in the places left vacant by graduation. Thus the orchestra is kept well-balanced. Near the end of the school year, the annual banquet is held. The members and their boy or girl friends are the only ones entitled to attend this affair which is chaperoned by Mr. Lewis and another faculty member and their wives. Following this, the orchestra winds up its full year by offering its services in the Class Day and Commencement exercises.

Their Programs Superb

EVERY Thursday from 11:05 to 12:30, one may find the Reserve Orchestra rehearsing in the auditorium of the new building under the skillful baton of Mr. Francis Truscott. This group is placed second only to the Varsity Orchestra since it is composed of the less-experienced musicians of the upper three classes. Although it does not see much active public service, each member practices faithfully with the expectation that he will be called to fill the vacancies which may occur in the higher orchestra since the Reserve forms the chief source of material for the Varsity. The purpose of this organization is to bridge the gap that exists between the Freshman and Varsity orchestras. These versatile musicians are called upon once or twice each year to entertain the school with their delightful and varied programs.

The Music Makers Of The Freshman Assembly

THE Freshman Orchestra, which is composed of boys and girls of the Freshman classes only, prepares those talented young musicians who have studied music in the elementary grades, to continue their work in more advanced organizations. It also enables them to play in ensemble, to cultivate a deeper love and appreciation of the beautiful in music, and to become better acquainted with some of the works of the masters. This club meets every Tuesday under the able leadership of Miss Nan Walker. One of the big events of this orchestra during the school term is its chapel program when the Varsity Orchestra takes the day off so that these versatile musicians can display their musical skill before the school. This program is usually featured by solos and by various string and brass duets, trios, et cetera. Last fall, Mr. Super inaugurated freshman chapel programs, which were held once every month, and selected the Freshman Orchestra to furnish the music for these occasions, thus affording this little group added opportunity for pleasure and incentive for more intense and interesting weekly rehearsals.

PERHAPS the most colorful musical aggregation in Coughlin is the Band. After it has been speedily re-organized and whipped into shape each fall, it presents a familiar sight in its red and blue uniforms to hundreds of spectators as it marches up and down the field sounding those old familiar tunes during the halves in football season regardless of weather conditions. This year the familiar Red and Blue marched in the Armistice Day Parade as representatives of Coughlin; and in the Varieties, they contributed concert numbers with some novelty acts as their share of the entertainment. When the Band was organized in 1915 by Mr. Gwilym Davies, it consisted of only fifteen players. Since then it has grown by leaps and bounds until now, under the supervision of Mr. P. B. Lewis, it boasts a membership of seventy-four players and enjoys an enviable reputation in Wyoming Valley. The full uniform consisting of capes, caps, sweaters and trousers was acquired in 1938. These youthful musicians meet every Friday to rehease, for behind all successful public appearances there must be hours of hard work and practice. These boys aim always to acquit themselves with credit.

TO develop a lively appreciation of the dramatic arts is the purpose of Masquers. A group of students in 1926 started with the idea of producing skits and plays for their own amusement. Today, under the capable direction of Miss Myvanwy Williams, this organization is continuing to be one of the most active.

Parlez-Vous Francais?

MANY "A" junior students have been complaining because they weren't taken into the French Club this year! This is a definite proof of the club's popularity. The old plan of this organization has been slightly altered. Whereas students with high French averages were formerly admitted to the club in their junior year, the membership is now restricted to senior French students. This year the group numbers eighty students, all having joined with the idea if improving their use of French.

THE members of the French Club hope to develop a better understanding of the French people by playing their games, singing their songs, and reading their papers and magazines. By giving short plays at the meetings, this group is fast becoming very fluent in their adopted language. The old business is carried on entirely in French, thus affording the members the opportunity of a practical application of the language. In this, as a part of their extra-curricular program, the students feel they are supplementing their class work in a free and easy manner. Miss Katherine Toohey, adviser of the organization, is to be congratulated on her success in bringing France and an understanding of the French people to the members of the club. Le Cercle En Avant is the official name of this club.

AMONG the organizations which play a very important educational part in high school life, the German Club rates with the highest. Its popularity, shown by the fact that its roll includes nearly a hundred names, is due not only to the interest and willing cooperation of its members, but also to the invaluable assistance of Mr. E. M. Warmkessel, its faculty adviser, who has been with the group since it started. The membership of the German Club is restricted however to seniors with passing grades in their classes and to those junior students who have attained high averages in their work. The singing of "Ach du Lieber Augustin" paves the way to many an enjoyable hour crammed full of exciting stories, customs, and anecdotes of "das Vaterland." Games and readings are also features.

THE social functions are topped by a Christmas party, held annually, which undoubtedly spells fun for all. Quaint songs feature the folklore of the German people, and native games appropriate to the season are played. This year the club had as its guest speaker, Mr. J. H. Super, who spoke about the interesting experiences he met with while in Germany. Another enjoyable item on the club calendar is the annual joint meeting with the French Club, held toward the end of each school year.

THE Senior Select Chorus was established at Coughlin in 1935 with the purpose of developing part singing and arousing in its members the enjoyment of good music. Their outstanding performance this year, "The Flower of Venezia," an operetta, Friday evening, February 9, was a tale of a beautiful but disobedient daughter and a poor but patrician father, a sea-faring hero and a band of peace-loving assassins. The cast included: The Doge of Venice, John Reiser; Paulina, his wife, Rose Wasnick; Fioretta, Ann Drugan; Lavina, Irene Kustis; Clementina, Margaret Kocian; Duke Di Bomba, Joseph Lorusso; The Marquis, Allan Roberts; Otho, Malcolm Dale; Orsino, Sylvester Lippa; O'Brien, Carl Heim; Pico, John Dougher; Officer, Emanuel McHugh; and the chorus of courtiers, assassins, maids, and sailors. Aside from the operetta the chorus had very little opportunity to display its genuine ability because of the discontinuance of chapel owing to the meningitis situation. This group is under the direction of Miss Arline Weiss.

They've Sung To Fame

THE a Cappella Choir no longer sings for the school's enjoyment alone. This group now makes numerous public appearances before charity and club organizations and has won thereby high esteem. On Saturday, April 13, they were invited to sing for the Kiwanis Club at the Hotel Sterling and that same evening they broadcast over WBAX on the school program. Because of the pleasing impression they made, one of the members of Kiwanis invited the Choir as his guests to hear Rubinoff and his violin at the Meyers High School on Wednesday, May 8. A Cappella means the singing of selections without accompaniment, always a difficult procedure for a large group. Miss M. Arline Weiss directs the successful activities of this group.

WAY back in 1922 A. D., the Bank Cashiers' Association came into existence at Coughlin. In that year, the Educational Thrift Service, through the Miners Bank, included Coughlin in its roster of schools whose students bank money in school accounts. The Miners Bank considers it a civic duty to take charge of the school accounts, even though it does so at a yearly financial loss, because of the valuable lesson of thrift taught by systematic saving. The fact that the Cashiers' Association has been thriving for nineteen years proves that students are still saving money. This organization, sponsored by Miss Walsh, its adviser, is composed of two students from each class, elected to take charge of the banking. John Dennis, assisted by Sam Vanchieri, has been Head Bank Cashier for the past year. The head cashier is chosen because of high scholastic standing.

WITH the motto, "Clean speech, living, and habits," as their guide, the boys of the Hi-Y have set themselves fine principles to follow. Coughlin's Hi-Y has been active for almost twenty years, and Hi-Y may well recall the accomplishments of these years with pride. The membership today totals ninety. With Mr. Ruddy, their faculty leader, the club has conducted several interesting programs at the regular Friday night meetings. Outstanding among the entertainers this year were Warden Healey, whose topic was "Crime Does Not Pay," a subject which all present agreed was of vital importance to a growing boy; and Sergeant Connolly, a state trooper, who spoke on "Safe Conduct On the Highway," stressing the fact that courtesy and care of motorists could reduce the number of fatalities due to recklessness in driving. Reverend Mr. Tait of St. Stephen's parish, discussed "Share Croppers of the South." The boys found themselves eagerly attentive to the problems of this oppressed class of persons and to Reverend Mr. Tait's presentation of their plight. Among the purely social events of the calendar this year, Hi-Y lists a very successful Christmas Holiday Dance, several joint meetings with the Girl Reserves and with the Inter-Club Council of Girl Reserves. The latter group joined with the council of Hi-Y in planning a snow frolic at the Y. M. C. A. camp last February. An outing at the Y. M. C. A. in the spring proved a fitting climax for the 1939-1940 year.

"Gracious In Manner--"

JUST sixteen years ago last September, a Girl Reserve Club made its initial bow before the senior girls of Coughlin. Since then, it has progressed by leaps and bounds, and its name is now synonymous with fun and friendliness. Along the line of fun, there have been two ten cent dances, a skating party, a weiner roast, and a joint social meeting with the Hi-Y. As for friendliness—well that is expected the whole year 'round. After one of Peplin's bi-monthly meetings, Mr. Edgar Hill from Kingston, discussed beauty problems concerning nearly every girl. Don't think his hints didn't register either, for the next day several timidly blossomed out in the new hair styles which he had recommended. At a later meeting four girls of different types were "made up" and their hair arranged by him. From these models each girl was able to get a general idea of what would look best on her. Last summer, three of Peplin's members attended the Girl Reserve summer conference at Lake Ariel, and when they returned, were so full of ideas, that it was almost impossible to control them until the clubs started in October. Several also went to Allentown in February for mid-winter conference, and returned with lots of new friends and lots of new ideas. Both the president and vice president of Inter-Club Council came from the ranks of Peplin, which also has three additional members who help to decide general policies for all.

They Cut And Stitch

TEN years ago, an ambitious group of girls organized the still existent and well-named Service Club. In the course of these years, Coughlin's organizations have come to recognize this club as one of the most progressive and essential in school life. The dramatic department looks to the Service Club for a well-turned-out job of costume-making. Then on the nights of the performances in which these costumes appear, the girls of the Service Club lend a hand again, this time assuming responsibility for the systematic care of the garments worn on the stage. The athletic department is grateful for the willingness and reliability of these girls in rolling bandages and ankle wraps for use in minor accidents in contests. A baby layette was recently finished and presented by the girls for use in the Homemaker classes in future years. The activities of the club include social features, however, as well as "Ladies Aid." This year the members enjoyed moving pictures, a tea with the Homemakers' Club, and a weiner roast with the G. A. A. The entire school should join in expressing its appreciation to the girls of the Service Club and to their adviser, Miss Gilchrist, for a commendable year of service.

TO develop initiative, poise, personality, and social grace is the aim of the Homemakers' Club, one of the newer organizations which has just completed its second year in the extra-curricular life of Coughlin. Further, it seeks to acquaint all girls with the value of the so-called homemaking courses, and by arranging a series of highly diversified programs to be given at each of the meetings, the club has tried to fulfill its aims and ideals. A brief resume of the year's activities will serve to demonstrate the success of these endeavors. In December, this group prepared Christmas cookies for the aged men residing at the Sutton home. A delightful afternoon tea was held in February, at which Miss Toohey and Miss Gilchrist poured. At another of their meetings Mr. Disque of the Percy A. Brown Company, this city, addressed the club. His subject was "The Qualities of a Good Salesgirl." Several moving pictures on topics relating to home management were shown and a weiner roast held jointly with the Service Club brought the year to a close. While its years of service have been few, the Homemakers' Club has moved right to the front. Later on, its members will surely profit from these experiences.

They're Up In The Air

On Wings

AT the present time with aviation used so prominently for communication, transportation, and national defences, it is only natural that a great many boys become air-minded. Realizing early the opportunities the field of aeronautics offered to young men, Mr. Henry Booth, founded the Aviation Club nine years ago. This group is engaged in promoting interest in aviation and in acquainting its members with some of the elementary principles of this highly-important subject. Also the club conducts two contests a year; one for solid type model planes, and the other for flying models.

BOWLING! This sport which is enjoyed by millions of men and women throughout the country proved a "natural" when introduced to Coughlin three years ago. The effort to inaugurate this popular activity was prompted by a desire to promote an interest in group bowling and to provide relaxation for boys not actively engaged in other sports during the long winter months. The fact that these aims have been achieved is attested to by the continued popularity of this club whose adviser is Mr. Henry Booth.

AN organization of ten teams operated this year. Members of the team which finished on top in this league received bronze pins, and, in the only outside match of the year, they defeated Saint Nicholas High School by 107 pins. The highest individual score made this season was 230, an excellent record. Many good games have been rolled and many good bowlers developed, but what is more important, bowling has given many hours of good, clean healthful recreation to many boys.

EACH year the Minstrels are acclaimed as one of the outstanding productions at Coughlin. The first show was presented in 1908 under the direction of Mr. Luther Kniffen. This year's show although postponed twice due to the ban on all gatherings because of the spinal meningitis epidemic was the thirty-second consecutive production. Quite a record! Messrs. F. H. Super and P. B. Lewis are the present directors.

ONE may be heavily fined for surpassing forty while on the highway, but in a typing class an entirely different result is obtained! Yes, a consequence of much different nature results, for, after typing forty or more words per minute, with five or less errors, in the Thursday fifteen-minute tests, the typing student is awarded a certificate and is then qualified for membership in the Typing Club. This, the only club of the Commercial Department of the school, was organized by Miss Durkin just one year ago, and it has proved to be a great success. The bulletin board posted by its members has attracted the attention of many and furnished much valuable news. Several interesting meetings have been held at which educational talks were given. Mr. I. A. Kohl of the Dictaphone Company illustrated and explained the use of the dictaphone. Mr. Wm. C. Jenkins, of the Wilkes-Barre Business College, presided at another and gave an excellent talk on success. At a recent meeting, a quick-quiz on typewriting was featured. All in all, the members of the Typing Club have enjoyed an interesting year.

Away They Ride!

MEMBERSHIP in the Boots and Saddle Club has reached a peak of one hundred riders. Early every Sunday morning, forty or fifty of them go galloping through the country. Since the club is so large, they also ride on Tuesday and Wednesday afternoons. In order to be enrolled in this club, the candidate does not have to be an expert rider, as one of the main objectives of this organization is to teach the inexperienced rider the skill of a good horseman. The club was organized by Mr. Casey two years ago and has attained an important position among the school clubs. Through its establishment great enjoyment has been brought to many lovers of outdoor life, as well as valuable knowledge of the art of riding. After their training, members may mount their steeds with the assurance and dexterity of those who have had long experience in this field. The enthusiasm shown by the members proves that the Boots and Saddle Club will keep on trotting up the bridle-path indefinitely.

THE newest and most outstanding club of the year—the Boys' Campfire Cookery—was organized by Miss Mary McDade early in February. All boys interested were eligible for membership. They met once a week during their free periods and were taught the masterful art of cooking. The best and most successful of these students will receive letters of recommendation for positions in the "Food Field."

They Paint and Design

THE Girls' Art Club meets every Wednesday at noon in the art room under the direction of Miss Florence Evans. The girls gather to further their knowledge of art, to give more time to it, and to arouse more interest in the craft. There are no longer any eliminating requirements. Girls who are not in a regular art class are also admitted to the club. Up until this year the name of this club was the Thursday Art Club, but due to uncontrollable circumstances, it was forced to meet every Wednesday and the name was changed to that of the Wednesday Art Club. The date of the establishment of this club is unknown, but its accomplishments are not. Members engage in quick quizzes, discussions, and the making of notebooks on their favorite subject. During this year they were also busy in making dolls for the Red Cross. Any girl who is interested in improving her work or in learning should become a member of this club, which was founded with the idea of giving a broader knowledge in the field of art.

HATS off to talent! For this is what a boy must have to get into the Commercial Art Club. The ability to co-operate is another requirement. Rarely has one gone through the halls and not seen some evidences of this club's work. At each of their meetings they have one of their own members speak on his type of art. The purpose of this club is to give advanced knowledge of art to its members and to advertise all school activities at Coughlin. The school is also indebted to them for Journal covers and cartoons that appear. Most of the art work in the Breidlin and Journals is the contribution of these artistically-inclined chaps. They also add their bit to the Journal and Breidlin campaigns by their delightful posters. A few of their members comprise the Art Staff of the Board of Publications. In June they will award prizes to outstanding members in each art class: freshman, sophomore, et cetera, the club feeling that prominent work produced throughout the year should be recognized.

DO YOU LIKE THOSE COSTUMES? THE JUDGES DID

IN 1913 this well-known club, the Girls' Athletic Association was established. Its activities include: the Freshman Hallowe'en Party; the Senior Tea; roller skating, ice skating, sleighriding parties; and a ping pong tournament for boys and girls.

Young Biologists, Inc.

MANY think Biology is too dry, but the members of the Biology Club don't. The purpose of this club is to carry on where their class work leaves off and help to make this study more interesting to them. While in class, they study microscopic structures and seed germination; at the meetings they manipulate microscopes, make simple slides, and germinate, grow and transplant different plants which they are allowed to take home. They also have moving pictures about birds, flowers and forests. Some of the more oratorically-inclined give talks. To make all this more enjoyable, Mr. Shaffer has made use of the school's amplifying system by using it to conduct some of their meetings as quiz contests. Members each year plant tulips in front of the building and, at Christmas time, give the halls and auditorium a very cheery aspect by their decorations. To Mr. Super they presented a poinsettia to show their appreciation for everything he had done for them.

SMILING IN A SHOWER

AMATEUR NIGHT is the time for members of the Hobby Club to "lobby for their hobby" — dancing being among the most popular. Everyone cannot take part, however, as the membership is much too large. These performances have been made possible by Mr. Howard Jones who enjoys getting recognition for his talented people.

THE speakers who go from room to room during the Journal and Breidlin campaigns and also, those who speak in chapel are envied by everyone. It is no wonder, though, because these young people are proud members of the Speakers' Club. The purpose of this club, under the competent direction of Miss Myvanwy Williams, is to improve the art of Public Speaking in its members. A Speech Choir has been organized this year to help accomplish this as well as provide something new to do.

PICKING up where they left off in '38 the Crusaders went on to run their victory streak to an amazing twenty games. Despite one of the toughest schedules any school was ever required to play, the Red and Blue copped the decision in eight of its ten tilts and had the old injury jinx not caught up with them, they'd probably have put their slate away still unmarked. But the teams need no alibis. The tractor like charge of its line and the blitzkrieg attack of its backfield made Coughlin the outstanding eleven of the valley. One glance at its record will describe more clearly than words, the greatness of this year's team, and show what to expect in the future.

WITH a team of five veterans, Coach "Vid" Jones marched through the current "court session" to garner one of the school's most impressive records in a long time. Having played together for years, his boys, as seniors, had reached their peak. The Crusaders' razzle-dazzle attack mowed down opponents right and left, and earned the runner-up position to Newport. So little difference existed between the standings of the teams that it is hard to say which was the better team.

CONTRARY to last year, Coach "Bob" West finds himself surrounded with veterans, most of whom can play any position with equal skill. With the team batting like the typical murderer's row, and having the best batteries in the league to work their games, the fellows seem to have gotten back on the right track and have been taking all opposition in their stride. No doubt this is another A1 year.

WITH the spring thaw comes another crop of track candidates hoping to earn their letters. Having lost practically the entire varsity squad, which won the coveted city cup awarded the city high school compiling the highest number of points over a period of ten years, "Red" Pendergast faces the task of building a new combination. However, when "Red" walks into the "Crying Room," he usually comes out with an outfit that can hold its own against all opposition. Despite the flood conditions, which held up track practice for nearly six weeks, the school can count on a good team.

Girls' Basketball and Volleyball

THE highlights of the athletic season this year have been the Annual Volleyball and Basketball Tournaments. These are eagerly looked forward to by the players because they comprise the only outlet for the girls to display their ability. Volleyball and basketball have always been the most popular sports with the girls. This is very evident in the fact that each year more and more turn out for practice. These sports are important not only for the pleasure they afford the students but also because they do much to develop fair playing and sportsmanship.

Appreciation

IT is with deepest thanks that a word of appreciation is tendered to all those who have made possible the publication of this, the 1940 Breidlin.

We owe many words of thanks to the splendid faculty advisers: Miss Ruth T. Austin, Miss Marion Sturdevant, Miss Florence Evans, and Mr. William Connor without whose aid, freely-given advice and words of encouragement this annual might not have been.

We thank Mr. Thomas J. Collins of Collins Press, Mr. Joseph Fisher of Service Engravers, and Mr. Joseph Stearns and Mr. Charles Hausler of Stearns Studio for their invaluable services in publishing the 1940 Breidlin.

For the financial assistance to the Breidlin given by our advertisers, we ask each and every member of the student body to patronize those business firms whose advertisements appear in this Breidlin. It is only with their help that the annual is such an inexpensive one. The student body should repay this kindness by helping them succeed in the business world.

And, lastly, with pride in their excellent work throughout the year, we deeply thank each member of the Board of Publications for their unselfish efforts and the time they have spent in preparing this Breidlin.
